

SEARCH STREAMS AND SEWERS FOR BODY OF OFFICER

Officials Seeking Kidnaped
Cop Admit That They
Are Baffled.

BELIEVE BANDITS HID BODY IN CITY

Man Says He Saw Bandits
Speeding Through
Gates Mills.

Cleveland, May 12.—Creel and
streams in the eastern suburbs of
Cleveland are being dragged and
sewer catch basins were being opened
by police today in the hope that
they might reveal the body of Dennis
Griffin, Cleveland patrolman who dis-
appeared yesterday as he was taking
J. L. Whitfield to the Fourteenth pre-
cinct police station as a prisoner,
in the latter's automobile.

Officials directing the search ad-
mitted frankly they were baffled, but
had given up the last lingering hope
that Griffin might be found alive. De-
scriptions of the alleged abductor
have been broadcast to all sections
of Ohio, Pennsylvania, Indiana and
Michigan, but clues that have come
in response have been extremely
disappointing.

Whitfield was driving a blue Jordan
roadster, with red wheels. It was
made in 1917 and, according to Jor-
dan officials, there was but one dupli-
cate of the model.

Chief of Police Jacob W. Gaud
does not believe that Griffin's body
was taken outside of Cleveland, or at
least beyond the county limits. Pol-
ice point out that as the car sped on
its way the unusual burden of a dead
man could not have failed to attract
the attention of some passing motor-
ist.

Detective Sees Car

Robert Williams, a private de-
tective from Pittsburgh, told Cleve-
land police today that he had seen a
car answering the description of the
missing roadster in Toledo yesterday
afternoon.

He said the man at the wheel, who
was alone, answered fairly to Whit-
field's description except that the
Charlie Chaplin mustache with which
his features were adorned when he
was placed under arrest on a charge
of being the head of a gang of spark
plug thieves, was missing.

The last tangible clue to the where-
abouts of the escaped prisoner came
yesterday when a laborer told of seeing
the car with a lone occupant
speeding past the Myro T. Herrick
home at Gates Mills.

This was about 7:30 a. m., Friday.
The car was then headed in the gen-
eral direction of Pittsburgh, although
there are many roads by which the
driver could have doubled on his
tracks and made westward.

COUNTY HIGHWAY OPEN TO TRAFFIC

Detours On Liverpool Rd.
Impassable And Are
Closed.

Lisbon, May 12.—With both de-
tours on the Lincoln highway closed
by stalled cars, County Engineer
Lloyd Kirk last evening ordered the
detour signs lifted at the beginning
of the highway improvement south
of Lisbon and at Gilmore's stop, and
is allowing traffic to take the main
route until weather conditions settle.
The dirt roads, rounded up and
smoothed for traffic, rapidly became
gummy with mud and it was impos-
sible to keep cars on the road. When
two cars endeavored to pass, both
would go in the ditch and it was
only by the most strenuous efforts
that some motorists were able to
extricate the cars and proceed on
their journey.

Finding that the detours were
hopelessly impassable and that there
were blockades, Mr. Kirk issued the
order opening the road until the
weather clears.

Ohio Woman Killed As Auto Turns Over

Lima, May 12.—Mrs. Blanche Mil-
ler McPherson, 35, wife of Ira D. Mc-
Pherson of Lima, general manager of
the Grifone Motor Truck company,
was instantly killed yesterday when
the sedan driven by her husband skid-
ded and overturned into a ditch one
mile south of Perrysburg, Wood coun-
ty.

McPherson escaped. They left Lima
at noon yesterday for Toledo where
last night they were to attend a Scot-
tish Rite ball.

steel common, the leader in stock
market trading, fell to a new low
record for the year at the opening
of the exchange today, selling at
98 1/2, a loss of 3/4.

The dwindling of values which
started late yesterday was resumed
at the opening today, prices selling
well and more in the leading

BOOTLEGGER HELD FOR SHOOTING WIFE AND KIDNAPING COP

Akron Man Is Charged With
Shooting His Bride
Six Times.

Akron, May 12.—Warren Wells, al-
leged bootlegger, was arrested this
morning by Akron police on a charge
of shooting his wife six times at their
home here 10 days ago. The woman
is in city hospital in a critical con-
dition.

In addition to positive information
in the hands of local police that Wells
is a bootlegger, he is being linked up
with the disappearance of Patrolman
Dennis Griffin of Cleveland Friday
morning.

Cleveland authorities were notified,
and the opinion is held here that
Wells, who answers in many particu-
lars the description of the prisoner
who made way with the Cleveland of-
ficer, may have had something to do
with the affair.

After shooting his wife, Wells van-
ished. It was thought he made his
way to a retreat in Pennsylvania and
police efforts were spent in a wide-
spread hunt which involved several
states. Now it appears he was in this
vicinity all the time.

Mrs. Wells told police that her hus-
band used the gun when she refused
to accompany him to a farm in Sum-
mit county, where he operated a moon-
shine out. They had been married
only about a month, and she claims
she was not aware that Wells was a
bootlegger until after the ceremony.

Police confiscated two stills and a
quantity of mash on the farm in
question, but were ignorant of Wells'
whereabouts until given a tip this
morning.

ABUSE OF HORSE BLAMED ON BOOZE

Officer Investigates And
Prisoner Now Faces
Three Charges.

Abuse of the horse he was driving
caused Frank Vanic of Salem to face
three charges in police court Satur-
day afternoon.

Receiving word that a horse was
being abused by its driver, Fireman
Edward Yarwood visited the scene
of the offense on Roosevelt ave., and
arrested Vanic on a charge of cruelty
to animals.

Believing the man to be intoxicated,
Yarwood, searched him and con-
fiscated a pint bottle of moonshine
whisky, which Vanic is alleged to
have been drinking.

Instead of the one charge, Vanic
now faces charges of transporting
and possessing liquor and abusing
his horse.

The horse was taken from him and
placed in the stable, Vanic being
lodged in the city jail to await a
hearing before Mayor John W. Post
today.

Lady Luck Leaves Plucky Students Out In The Cold

"Lady Luck" surely left two stu-
dents of Salem High school out in
the cold Saturday morning.

With the county field meet as their
goal, these two luckless students,
disdaining proffers of rides, started
out to walk from their home here to
the county fair grounds at Lisbon.
Threatening weather did not daunt
them in the least. They left Salem
shortly after 9 a. m. and reached
the fair grounds in the neighborhood
of 10 o'clock, only to learn that their
long walk had been in vain.

A passing motorist offered the stu-
dents a lift back to Salem from the
fair grounds. "We have walked this
far so we are going on into Lisbon,"
was their reply.

With their spirits not dampened
in the least they continued their trip
to the county seat.

WEATHERMAN WINS HONORS IN FIELD EVENTS SATURDAY

County Meet Is Postponed
Until Wednesday When
Rain Spoils Track.

The weatherman took first honors
at the county fair grounds Saturday
where the annual Columbiana county
interscholastic field meet was to have
been held.

A steady downpour of rain Friday
and until early Saturday morning pre-
vented staging the annual athletic
classic at the county seat and it was
the first time in the memory of old
followers of this event that the meet
has been postponed due to weather
conditions.

The fair grounds was in most places
a veritable sea of mud and water. The
track was in no condition for running
events and entries in the field events
have risked injury in attempting to
compete.

Realizing these conditions, officials
of the county association declared the
meet postponed until Wednesday,
after viewing the grounds Saturday
morning.

The events will be run off accord-
ing to the same schedule that would
have been maintained Saturday.

Indications pointed to one of the
largest crowds in the history of the
annual classic. Hundreds of disap-
pointed fans made the journey to Lis-
bon only to return home after arriving
at the fair grounds. Numerous auto-
mobile loads of Salem students and
fans made the journey.

The same officials that were en-
gaged to handle the meet Saturday
will be in charge Wednesday. It is ex-
pected. Schools throughout the county
will declare a holiday for the
event.

ANOTHER CAVE-IN DELAYS WORKMEN

Embankment Is Weakened
By Heavy Rains, Holding
Up Foundation Work.

A second cave-in of the embank-
ment at the rear of the High school
building has caused delay in the
work on the \$50,000 addition to the
building.

Heavy rains for the past two days
weakened the embankment with the
result that a large portion of the
bank caved in early Saturday. A
cement mixing machine placed ready
for operation Friday was endangered
by the slide, but workmen extricated
it from the top of the bank Sat-
urday morning.

The construction company holding
the contract for the work expected
to pour the first concrete for the
foundation Saturday morning. The
entire embankment will have to be
braced again before the work can
be resumed on the foundation.

SECOND CITY WELL WILL BE DRILLED

according to announcement of Ser-
vice Director John Bristol.

Director Bristol expects to begin
drilling for a second well within the
next few weeks. Drilling of these
wells has the sanction of the state
department of health on condition
that they be used as a means of
temporary relief only.

Handcuffed Booze Prisoner Breaks A Window And Flees

Lima, May 12.—Kicking out the
window and iron grating in an Ohio
Electric car near Columbus Grove
last night, Joseph Taldoon, 33, al-
leged liquor law-violator, disappeared
into the night leaving two federal
officers patiently awaiting their
prisoner. The man was handcuffed.

A search was made of the country-
side today for him. Taldoon was
bound over to the federal grand
jury Friday on a charge of posses-
sion of liquor. The trip to
Toledo was begun at 7:30 o'clock
when near Columbus Grove he asked
permission to go to the lavatory.

Deputy U. S. Marshal Emil Flick
granted the request and stationed
himself at the door.

When Taldoon's stay had lengthen-
ed to 25 minutes, Flick investigat-
ed. He found the window demolished.

Washington, May 12.—Fifteen men,
including five Americans, and two
women are still held captive by the
Suchawa bandits, despite the fact
that the progressive indemnity
threatened by the diplomatic consul
in Peking takes effect today, accord-
ing to Minister Schuman's dispatch
to the state department this
morning.

er, is reported to have been liberat-

woman, pleaded "Not guilty," in New York, to an indictment charging her with
forging the name of Charles M. Schwab, the iron master, to 17 notes ag-
gregating \$325,000. The money is believed to have been used in financing
who she was building in Boston. Mr. Schwab is shown leaving the
grand jury room, where he told the jurors that, while he had known Mrs.
Hayes for 25 years, he had never authorized her to sign his name to the
notes. W. H. Sellers of Boston was a business associate of Mrs. Hayes,
but had no connection with the alleged forgeries.

And Women.

New York, May 12.—Further sen-
sational disclosures of the "poison
pen" scandal in which slanderous let-
ters were sent to at least 150 promi-
nent men and women, loomed today
when the district attorney's office ad-
mitted that only part of the grand
jury's investigation had been dis-
closed.

The grand jury's investigation re-
sulted in the indictment of George
Maxwell, president of the American
Society of Composers, Authors and
Musicians, as the alleged sender of
slandorous letters to Mrs. Allan A.

land. An effort will be made to ex-

up and one man reported sent to an

Have Faith

THE message of Uncle Joe Cannon on his 87th birthday anniversary is the right sort of thing to be said to all the people of America. This simply is the essence of it: Have faith.

"From my observance of half a century," says Mr. Cannon, "I bring this message: Have faith. I have learned that America will rise to meet her problems. Have faith in the government of your fathers. Show your faith by works to support that government."

There is nothing in that idea of Mr. Cannon's that supports a weak, let-things-go policy. It doesn't mean just to smile and boost. But it does mean that we have no reason or right to say, or let others say without challenge, that the country is going all wrong, just because there are some elements or tendencies that we do not like. Let us cling fast to our belief that America will stand for what is right in the future as she has in the past and then help to make it so. Mr. Cannon has seen worse conditions than confront us today, and he has seen the American plan triumph over them. His words are an inspiration to the kind of patriotism that we want today. Faith is as good a foundation for this patriotism as it is for religion.

Lax and Lazy Law ON May 30, 1918, a colored man in the District of Columbia committed first degree murder. On May 3, 1923, he was hanged for the crime. The intervening five years have been consumed in trying the man, giving him the advantage of all the technicalities and delays that the law permits, and allowing the court to grant such postponements as its wisdom dictated. A final week's reprieve was given the condemned man because his attorney asserted he wanted some time in which to prepare to die. The district attorney declared it was a public scandal to permit such a lapse of time between the crime and its punishment.

The situation in the courts of the national capital may be no worse than in those of many states, but it serves to show why there is a growing disrespect for law. The relation between the crime and its penalty is practically lost sight of in the long delays, and death at the hands of the law loses most of its effect as a deterrent to others inclined to commit murder. Some way must be found to make the punishment for major crimes swift and sure, if we are to have that respect for the law that we all demand.

Equality Asked THERE is something very misleading in the dispatches which say that "priority is demanded by the United States" with regard to future payments of reparations by Germany. The fact is that Germany has been making payments to the allies on account of the expenses of military occupation and the United States had a right to its due share of those payments. Instead of giving this country due proportion, the allies appropriate all of that money to their account, leaving the United States

the United States now asks that future payments be made by this country shall first pay the sums now delinquent before they collect further. We do not object to an equality with those nations which took an unfair priority without consent.

20 YEARS AGO

(Issue of May 12, 1903)

Dr. A. C. Yengling, this city, was elected commander of the department of Ohio of the G. A. R. at the annual department convention at Marietta.

The Salem Business Men's association held a meeting Tuesday evening and completed organization by the appointment of committees and installation of officers.

Mrs. A. G. Taber and daughter, Josephine, and Mrs. James Anderson and Miss Bates, left this morning

for Los Angeles, Calif., where they will attend the Presbyterian General Assembly. Mrs. Taber and daughter will go on to Seattle, Wash., to make their home.

John King, employed at the planing mill of the Salem Lumber Co., had the first finger on his left hand badly lacerated in an accident Tuesday afternoon.

Word reached here this morning of the death of John Sarsfield, at St. Alexis hospital, Cleveland, where he was taken from this city April 23. He was born in Dublin, Ireland, and lived there until 12 or 13 years old, then came to this country.

Jacob Ruhman, pioneer of Mahoning county, died Tuesday at his home in North Lima. His death was due to a paralytic stroke.

Mrs. C. F. Haldeman and family left Tuesday for Bellefontaine, where they will make their home.

In the styles—Fringe is used to give a good effect on smart wraps and it is seen on dressy gowns of all kinds. Dresses with the trimmings even to laces, dyed to match are a fad of the hour.

A son was born Tuesday night to Mr. and Mrs. H. W. Kesselmire.

Worthless Checks Used By Taxpayers

Columbus, May 12.—Among total findings of \$11,393.23 against officials and private citizens in favor of the treasury of Trumbull county, made today in a report filed by State Examiner Karl B. Dodge, is a total of \$1,984 representing worthless checks accepted by the county treasurer in payment of taxes.

TRADE MARK JERSEY MARK Keep Them Out! Fly and mosquito time is coming, and it's none too soon now to think of protecting yourself and your family against these annoying and dangerous pests. Now is the time to order screens for your house—good screens—screens that will last—in short, screens made with Jersey Copper Screen Cloth. Iron and steel screens will rust, no matter how they are protected. Screen cloths made of alloys, or so-called "bronze cloth" (which is usually brass), will disintegrate in strands. But Jersey Screen Cloth, made of pure copper—the most durable metal that can be used for the manufacture of insect screen cloth—will do neither. From New England to Panama this wonderful screen cloth has given the best results under all climatic conditions. And do not imagine that copper screen cloth is expensive. It costs slightly more than other cloths but it is worth far more for it will serve you longer. Phone us today. We shall be glad to tell you more about Jersey Copper Screen Cloth—to give you samples and quote you prices. Carr's Hardware

MOTHER How Much Do You Really Love Her? MORE than homage on one day a year—more than gifts and letters and sentiment—is the thoughtful provision of those daily comforts which add to her span of years and express your sincerest devotion. The Mother crowned with white surely needs electric labor-saving assistance. And the young mother with the two romping children requires that capable electric washer fully as much as the older woman of frailer strength. If you have a Mother to honor next Sunday—and happy is he who has—consider carefully whether there isn't some burden of home-keeping that electricity would lighten for her. The Salem Lighting Co. TO EXPECTANT MOTHERS

A Letter from Mrs. Ward Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Springfield, Ohio.—"Lydia E. Pinkham's Vegetable Compound proved a splendid medicine for me before my fourth child was born. With the first three I had been sick and weak, and had sick headaches twice a week. I couldn't keep enough food down to do me any good, and my work was left undone many a time. My sister-in-law told me to take the Vegetable Compound when I began to have the same old dreadful sickness and headaches and was so worn out. Since then I have only had two headaches, had a good appetite and scarcely lost a meal. I have a fine, healthy baby girl who has never had a sick day. The nicest part is that I am healthy, too. It did me a lot of good, and if I should ever have another baby I will take your medicine at once."

Mrs. BESSIE WARD, 1027 Park Avenue, Springfield, Ohio.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system, so that it may work in every respect effectually as nature intends.

SOCIETY

Mothers' Day Party

One of the most enjoyable social events ever held by the Elizabeth Fry class of the First Friends church was that Friday evening in the Sunday school room at the church, when the members gave a Mothers' day party in honor of their mothers.

As the guests arrived they were received by the reception committee and carnations pinned on them. There were about 50 guests.

The room was very attractively decorated in pink apple blossoms, ferns and palms. A two-course supper was served at small tables beautified with narcissus. The favors were pink nut baskets.

A program followed the supper and these numbers were given. Viola solo, Miss Olive Vincent, accompanied on the piano by Miss Mary Henninger; selection by a quartet composed of Mrs. M. M. Coffin and three women from Alliance; readings, Miss Genevieve Barker, Canfield; piano solo, Miss Gladys Rich; talk relating to Mothers' day and a reading by Mrs. C. J. Dixon, teacher of the class.

Contests entertained and a feature that afforded merriment was a "fortune hunt." These fortunes were concealed in nut shells and hid in different parts of the room for the guests to find.

Freshman Class Party

Numbered among the most interesting social functions of the week was the Freshman class party Friday evening at the High school gymnasium with about 500 in attendance, members of the class and the faculty.

Green and white decorations made the room very pretty and during the grand march, in charge of D. W. Vivian, the "freshies" wore green caps. Vari-colored balloons were carried in the march and added beauty to the scene.

A three act play entitled "Bill's Lesson," written by Miss Maude Hart, teacher in the High school, was an outstanding feature of the program. In this play Carl Matthews took the leading part. He displayed unusual ability. Others, who had important parts were Gilbert Edgerton and Ellsworth McKee. Other numbers given were Italian Folk dance, Anna Volpe; Butterfly dance, Rose Renski; pianologues, Lois Snyder and Jean Othman.

Dancing and games provided entertainment and refreshments were served.

Missionary Society Meeting

"South America's Day," its Challenge, was the subject considered at a meeting of the Missionary society of Holy Trinity English Lutheran church Friday evening at the church, with Mrs. Wilbur Buckley leader.

Miss Mirtie Ross gave a reading on "Christ of the Andes," while Mrs. H. P. Lovell contributed an impersonation of a woman of Peru. A lunch was served.

Success Club

Music and fancywork helped make the afternoon enjoyable when Mrs. Willis Burson entertained her associates of the Success club Friday afternoon at her home, Garfield ave. Mrs. Burson served a lunch. Invited guests were Mrs. Brian and Mrs. Emanuel Thomas. In two weeks the members will be guests of Mrs. George Gamble, East Seventh st.

Friday Night Bridge Club

Losers in the series of card games played by associates of the Friday Night Bridge club gave a dinner to the winners at 7 p. m. Friday at the Elks home. A musical program and cards contributed to the evening of pleasure. In two weeks the members will be guests of Mr. and Mrs. M. E. Treat, Cleveland ave.

SHERIFF TO MEET MOB WITH BULLETS

Rush On Jail To Free Two Murderers Does Not Worry Officer.

Pomeroy, O., May 12.—"I don't need any help to protect my prisoners," Pomeroy, however, might need a few extra undertakers if any attempt is made to take him from me."

This was the grim reply of Sheriff Reeves today, to rumors that a mob might be made on the Meigs county jail to free James E. Miller, indicted on two charges of first degree murder by the Meigs county grand jury last night, following the killing of J. W. Swanner and Edward Reynolds at Miller's home at noon Wednesday.

Swanner and Reynolds were believed to have been used by the state as chief witnesses in the trials growing out of the miners' "war" of 1921, which are to be resumed in Green Brice county, W. Va.

Savree Holt, alleged to have been the official "field man" in the miners' march, is held in jail as a material witness. He is said to have been at Miller's home when the killing took place.

Prosecuting Attorney L. Crasy Davis said today the trial would be rushed.

Sentiment in "Pomeroy Bend," a stronghold of union coal miners, has veered somewhat. At first declarations were heard that they should let Miller out "so that he could kill the rest of the Baldwin-Feltz thugs" but as evidence has been brought out showing the seemingly peaceful nature of the visit of the two men to Miller's home a change has been noticeable.

MARTIN RELEASED AS DISPUTE ENDS

William Martin was released from the Leetonia jail Saturday, after Dr. S. E. Conrad, Mayor A. W. Ferren's right hand man in prohibition law enforcement work, appeared in Mayor Hoffman's court at Leetonia Friday admitting that Martin was a duly sworn deputy.

Martin had been held in the Leetonia jail since last Sunday when he was arrested following a fight with a pale man he attempted to take to East Palestine on liquor law violation charges. Both the men were charged with intoxication and Martin was placed in jail.

Had not Dr. Conrad intervened, Martin would have faced three additional charges of impersonating an officer, carrying concealed weapons, and driving a automobile while intoxicated.

Martin was fined \$100 last Monday on intoxication and disorderly conduct charges. This fine has not been paid but Martin has promised Mayor Hoffman that he will secure the money at once to clear the account.

BIG CROWD WAITS IN RAIN; BOXING SHOW IS STARTED

Yankee Stadium, New York, May 12.—Rain fell in intermittent drabbles at the Yankee stadium early this afternoon, indicating that the great milk fund show might be served with a water chaser if at all.

At 12:30, however, the gates were thrown open to a crowd of 10,000 bleacher patrons, many of whom had waited since early morning and almost simultaneously the clouds lightened and the rain ceased except for an occasional shower. The sun in meantime winked in and out with considerable uncertainty.

Many women were noted in the crowd that waited in patient line outside the gate. It was noteworthy that unflinching good humor prevailed in spite of the tedious wait and steady rainfall. No one could break through the cordon of police guarding the gate and no one tried. Even Tex Rickard, arriving early, waited with the rest like a poor relation.

Meanwhile Jesse Willard, scheduled to make his re-entry into affairs of the ring after four years of idleness, and Floyd Johnson, principals in the main bout of 15 rounds, waited in their training quarters at Yonkers where they received detailed word at 1 p. m. that the show would be held as scheduled. Willard, it was reported at the ringside, had informed Rickard that he was willing to go on against Johnson regardless of the elements.

Willard Is Favored Over Floyd Johnson

New York, May 12.—The majority of boxing authorities favor Willard to prevail in his comeback bout with Floyd Johnson at the Milk Fund show this afternoon.

James J. Corbett, former heavyweight champion, declared today that Willard would win if the bout ended before the conclusion of 15 rounds, otherwise he would favor Johnson to win on points.

Johnny Mooney, who has watched them all come and go for many years likes Willard. William A. Brady,

manager of Corbett and Jeffries in the old days, favors Johnson. He has few disciples, however.

J. L. Gray of Salem, assistant county superintendent, presided at a declamatory contest of District No. 1 Friday evening at the Washingtonville school.

Other contestants were Helen Court, Unity township; Irene Slutz, Butler township; Noble Wells, Perry township; Helen Hall, Salem township; Lois Strohecker, Unity township; Theodore Zimmerman, Salem township.

In the fifth and sixth grade contest Bernice Bart, Knox township, was awarded first place, with Maynard Fallow of the same township, second place, and Robert Slutz, Butler township, third place. Others entered were: Catherine Heck, Unity township, and Olin Muntz, Salem township.

Music for the event was furnished by the Seventh, First and Second grades. The judges were W. H. Matthews, Salem; E. P. Stonebreaker, superintendent of Leetonia schools, and Mr. Garrett, principal of the Washingtonville schools.

School Bills Last Acted On By Donahey

Columbus, May 12.—Gov. Donahey disposed of the last two bills before him today, approving one and permitting another to become a law without executive action. It was his last day for action on these measures, which were sent to him by the legislature at the post-recess session April 30.

The bill permitted to lapse was Representative Bloom of Sandusky county, classifying the division of the public schools and providing for junior high schools.

The other bill is that amending the law governing submission of school bond issue proposals and is known as the Garver-Aschcraft bill. It was passed before the April recess, but an error in its enrollment necessitated holding it over until the error could be remedied. This act requires school bond issues to be submitted at regular November elections, except in cases where a partially completed building is to be completed.

East Palestine-Beaver Valley is to have a new park. W. D. Berry of New Brighton has purchased a tract of land adjoining Darlington, Pa., and a bathing beach, a fine lake, a dancing pavilion, a skating rink, and a dining room will be available. Parking space for 3,000 automobiles will be provided.

MILK FUND SHOW DRAWS THOUSANDS

Championship Contenders
Enter New York Ring
This Afternoon.

New York, May 11.—New York has risen to the milk fund show to the extent of \$200,000 worth of tickets sold, with many more to come.

A sell-out will mean a crowd of nearly 70,000 and gross receipts totaling \$450,000 and if the weather remains favorable, these figures will be reached before the first bout goes on at 3 o'clock today.

As a result many milk bottles will stand on deserving doorsteps and the status of the principal heavyweight contenders will be determined beyond all arguments. It is a worthy charity and a worthy show.

The customers, for example, paid \$1,600,000 to see Dempsey give Carpenter a nasty push on the chest at Jersey City. They will see 50 rounds of boxing today between all of the championship contenders, with the exception of Tom Gribbons, and the most they can pay is \$450,000 at prices ranging from \$1 to \$20, an extremely moderate charge considering undernourished children are the beneficiaries and Jess Willard, Floyd Johnson, Luis Firpo, Jack McAuliffe, II, Fred Fulton, Jack Reagout and other fast headlines the attractions.

The return of Willard to the ways of the fist should be sufficient unto itself to insure a capacity house, regardless of Floyd Johnson's recent improvement and the fact that McAuliffe has suddenly begun to make gestures that indicate an uncomfortable afternoon for the noble Firpo.

SCHOLASTIC MEET AT MOUNT MAY 19

Alliance, May 12.—The annual high school track meet which will be held on Mount field Saturday, May 19, promises to maintain the high standard which has characterized this annual event in the past.

This is the tenth year of the meet under the auspices of Mount Union college and the fact that there are several competitors who are looking forward to the chance of securing permanent possession of this meet cup makes the competition look interesting.

Last year South High of Youngstown took the honors while Salem, Canton McKinley, Alliance and East Tech of Cleveland have each twice won the meet cup. A third win gives the lucky school permanent possession of the cup.

Last year 259 athletes from 25 schools participated in the Mount meet and entries received indicate that about the same number can be expected this year. The scoring counts are as follows: First place, five points; second, three; third, two; fourth, one.

Gold, silver and bronze medals are given to winners of first, second and third places, respectively, in each event, while the winner of fourth place will receive a ribbon. A silver cup is given to the school winning the relay race.

The individual athlete scoring the most points will receive a silver cup as will also any athlete who makes a new record for the meet.

SALEM SCOUT ACTIVITIES

Prepare For Field Meet

The Boy Scouts of Troop 7 are determined to make as good a showing in the Columbiana county scout rally and field meet on June 9 as they did last year when only one point separated them from the title holding Troop 1 of Salem. In spite of the fact that competition is expected to be the keenest in years, the Troop 7 scouts believe they have an excellent chance to grab off the county title.

Senior Patrol Leader Raymond Cobourn, who set a new record in knot tying when he captured the county championship at this event, is expected to repeat although several scouts in other local troops are now shooting to lower his mark.

Cobourn, with Clarence Davidson, Franklin Davidson and Kenneth Kelley, will again enter the semaphore signalling contest, while with William Floyd and Clarence Davidson as teammates he hopes to repeat last year's victory in the first aid rescue race.

Patrol Leader Clarence Davidson will try to duplicate his feat of winning the scout pace and Patrol Leader Orville Hoffman will again enter the fire building and water boiling contest in which he finished second last year. Hoffman also is sure of a place on Troop seven's tent pitching team with Patrol Leaders Stalling McCullough and Clarence Davidson battling for the other place.

Scribe Kenneth Kelley, will not only try again for honors in the broad jump, but he is giving William Floyd stiff competition for a place on the fireman's lit team, and he is sure of a place on the relay team together with Walter Davis, Tony Quest and Orville Hoffman or Eldon Long. Davis will represent the troop in the century dash, while the wall scaling team will include Davis, Kelley, Quest, Floyd, C. Davidson, George McCullough, Glenn Arnold and Bob White. Henry Yaggi, Jr., will swim this spring for Troop 7.

At the last meeting Bob White qualified for a second badge while William Smith and Donald Johnson received tenderfoot badges.

"Well, what'll I write about? I ain't seen nothin' worth writin' about at all" countered the Troop's Scribe defensively.

"Notin' to write about? Holy gee, where yah been with yer eyes an' ears all this time? Why don't you tell 'em what everybody wants to know—tell 'em who is goin' to win the County Scout Meet."

"Why, and how, I don't know. An' it's time someone told folks just what to expect. Why everybody has been told just how good one troop here in town is, and so they think of course that troop will win. An' the funny thing of course that troop believes it too."

Remember that song "Chicken" Jensen insisted on singing all night the last time we slept at the cabin? Sumpin' about "Old King Cole was a merry old soul"—well just wait till June the ninth rolls past.

Why there ain't no body in this whole county can beat Ralph Kircher in tying those knots. Why he can tie all eight of them in—well, he kin tie 'em faster'n anybody else.

An' Pinky Thompson and Abbie Seawinning 've been working together all winter on signalling. Gee, they're so fast I kin only get a letter every now 'n' then.

An' Izemour an' Ronp have been slipping the handages on an' off of Kenny Stuart, so darn fast that Kenny don't know half the time whether he's an invalid, or whether he's staged a come-back quicker than Mrs. McPherson over to Canton last summer ever hoped to cure anyone.

An' you ought to tell 'em how Fetter an' Reynard 've been practicing with the pup tent, till they can use one with every button on it, and

pitch it in little more than half the time required by one troop last year to pitch a tent with most of the buttons off.

But, what's the use of telling any more. I guess that's enuf to show who's going to win. An' then won't there be gloom in some troop quarters about this burg.

I'll bet the flag at the Chamber of Commerce will be flying at half mast all the next week. An', Oh boy, won't Troop 4 have a celebration!"

MOOSE WITNESS FOUR FAST BOUTS

Under the auspices of Salem lodge No. 571, L. O. O. F., a good boxing contest was staged Friday evening at its rooms, Main st., with Al Woods, Sebring, the promoter, and Thomas Beagle, Salem, referee.

Four contests were held, all between little fellows, who always put up a faster and more interesting contest than heavy men.

A total of 20 rounds of boxing comprised the program, divided into four contests. In the first preliminary one of the contestants was disqualified.

Window Cleaning
Much More Cheaply Than Coal Mining

Washington, May 12.—Window cleaning is a more dangerous occupation than coal mining. So are operations with farm machinery, carpentry, quarrying, excavating in gravel, clay and sand pits and also painting (structural) and placing concrete. These calculations appear in statistical summaries filed today by bituminous operators with the United States Coal Commission. J. C. Brydon, chairman of the operators' committee, said state insurance figures showed more than 100 regular occupations in which death and injury to workers were more frequent in proportion to numbers employed than in coal mining.

If Motors Were Open Like Those at Auto Shows!

AT auto shows, exhibitors display motors which are "cut away" so that visitors can observe the "inner workings".

How fine it would be if engines in actual use were like that!

You could see the difference between good oil and poor. You could see how *good oil* protects. You could see how it prevents damage. You could see the walls of your cylinders and the surfaces of your pistons remain bright, shiny, and as smooth as a mirror in spite of the intense heat and fire—in spite of the terrific speed at which your pistons plunge up and down in the cylinders.

If you use **FREEDOM OIL** you would see how it clings, in the shape of a thin film, between the shafts and bearings, preventing momentary contact, prolonged rubbing and frictional wear. You would see how **FREEDOM** clings to your cylinder walls in the face of fire blasts and scorching heat.

You can see that **FREEDOM** does protect your car. Start today and use it for a year—take your motor apart—notice the absence of wear while you used **FREEDOM**.

It will pay you to keep a five gallon can in your garage and to take a five gallon can with you on this summer's tour.

Freedom Cylinder and Engine Oils for factory use are of the same high quality as Freedom Motor Oils.

WOMEN UNITE TO CUT SUGAR PRICES

Atlanta, Ga., May 12—A resolution which unites the club women of the country in a campaign to reduce consumption of sugar until the price is reduced, was introduced from the floor of the convention at Friday afternoon's session of the biennial council of the General Federation of Women's Clubs here.

The resolution was introduced by Mrs. J. B. Sherman, of Colorado, chairman of the applied education committee.

The resolution endorsing adjudication by orderly judicial procedure of international controversies was adopted by the general federation without opposition.

The convention took this action after a speech by Mrs. Percy V. Pennington, of Austin, Tex., urging that the whole matter be placed above partisanship.

The convention by this action carried out the wishes of Mrs. Thomas G. Winter, the federation president, with other leaders, and avoided mentioning of any specific proposal for American adherence of an international court of justice. The resolution as first drawn up for consideration by the committee on resolutions specifically indorsed the pro-

posed of President Harding for American participation in the world court, but this was eliminated and only the principal of international cooperation.

One fireman was injured in fighting the blaze. The fire is the second experienced by the company within the last month. For a time it appeared that the flames would reach an industrial alcohol warehouse in which 54,000 gallons of denatured alcohol is stored. TAFT ACT SUBJECT TO A REFERENDUM

Attorney General Rules On
Tax Measure Passed
Over Veto.

Columbus, May 12—Atty. Gen. Charles C. Crabb has held that the Taft law, repealing the Smith 1 per cent tax rate limit law, is subject to a referendum. The ruling was made in a formal opinion, addressed to the state tax commission.

The question arose when John E. McCree, president of the Ohio Association of Real Estate Boards, announced that his organization was planning to circulate petitions calling for a referendum on this measure, in hopes of defeating it at the polls this fall.

The realtors are opposed to the legislation because they hold it is a tax-raising measure. It was principally for this reason that Gov. A. V. Donahue vetoed the bill which, however, was passed over his head.

Advocates of the measure, among them Representative Robert A. Taft, Cincinnati, its author, have taken the position that the bill is not subject to a referendum, for the reason that it is exempted by that section of the constitution that provides:

"Laws providing for tax levies shall go into immediate effect and shall not be subject to the referendum."

The Author's Contention
It is Representative Taft's contention that his law is in effect now. If, however, the law is subject to a referendum, it does not go into effect until 90 days after the date on which it is filed with the secretary of state.

It is entirely likely that the question will finally be decided by the supreme court before it gets a place on the ballot. Whether the real estate organization will make the fight against the measure will be decided at a meeting of the executive committee here next week.

In rendering his opinion, Atty. Gen. Crabb pointed out that no Ohio court has ever formulated a definition of the phrase, "Laws providing for tax levies," or attempted a complete enumeration of what laws shall or shall not be included in that definition.

Dry Agents Arrested For Operating Still

Steubenville, May 12—Otto Nye and Harry Abernethy, two of the most active prohibition officers in Jefferson county, were arrested Friday afternoon by Sheriff Ed. Lucas and deputies and jailed on a charge of violating the prohibition laws.

The arrests were made after the sheriff's force had found a 50-gallon still, 25 gallons of corn liquor and much in a house near Richmond, this county, which Nye and Abernethy had rented three weeks ago.

The occupant of the house, Charles Ritz, identified the two dry agents as the owners of the still, according to the sheriff. Nye and Abernethy had been employed as deputy marshals at the town of Richmond.
